SUMMARY

ARTICLES OF FREEDOM

The works of the Continental Congress 2009

INTRODUCTION

Think of the millions of folks, including members of the Armed Forces, who have raised their right hand and said, “I, (NAME), do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter. So help me God.”

Think of the millions who have placed their right hand over their heart and said, “I pledge Allegiance to the flag of the United States of America **and to the Republic** for which it stands, one Nation under God, indivisible, with Liberty and Justice for all.”

How could anyone who has pledged their devotion to the Constitution, reconcile the following violations of the Constitution that are destroying America? When will it end?

- For decades, our Government has been **meddling in the internal affairs of other countries**, without any Constitutional authority, causing foreign nationals to direct their hostilities towards us, which has given us a War on Terror and a growing Police State that is repugnant to the Fourth Amendment and the General Welfare of a Free People;
- For decades, we have had **undeclared wars** in violation of the War Powers clauses of Articles I and II;
- We are now gifting and lending public money and credit to private corporations for decidedly private purposes (**corporate welfare**), without any constitutional authority, whatsoever;
- We have a **fiat currency**, in violation of the money clauses of Article I;
- We have been emitting trillions of dollars worth of **Bills of Credit through or under the auspices of the Federal Reserve System** in violation of Article I;
- We have been incurring trillions of dollars worth of debt for the **payment of expenditures for programs and activities that are not enumerated** in Article I, and therefore not authorized;
- We have a **fraudulently ratified 16th Amendment** in violation of Article V, a **direct, un-apportioned tax on labor** in violation of the tax clauses of Article I, and a **judicial system that refuses to consider the evidence**, in violation of Article III;
- For decades we have had **unenforced immigration laws** in violation of that mandate, plainly-worded in Article II, that requires the President to “faithfully execute” all the laws passed by Congress;
- We have a **President whose father was not a citizen of the United States**, a violation of Article II;
- We are **counting our votes in secret**, as all machines do, in violation of our constitutional right not only to vote but to *know* that our votes are being accurately counted;
- We have an **absence of well-regulated state militias**, and we have **federal gun control laws**, all in violation of the Second Amendment;
- For decades, in violation of the sovereignty clauses of the Declaration of Independence, the United States has been entering into treaties, contracts and relationships with foreign entities, and giving authority to international bodies, **dissipating, destroying and undermining America’s sovereignty**;
- We have **private land being taken for private purposes** in violation of the Fifth Amendment.

- We have a Government about to become a **provider of Health Care**, and about to **order the People to purchase a product**, powers that are not enumerated in Article I, and therefore not authorized.
- We have **money bills originating in the Senate**, in violation of Article I.
- We have a Senate that is using a **supermajority vote to decide whether to enact a law**, without an amendment to the Constitution, all in violation of Article I, Sections 3 and 5, and Article 5.

These violations have challenged the Constitutional Republic of the United States and Her People to Its core.

Above all, we have government officials who, for fourteen years, and more, have refused to honor their fundamental obligation to respond to the People’s First Amendment Petitions to Redress these violations. I call this the “capstone grievance.”

It is well settled in American Jurisprudence that if anyone has an obligation to respond and he fails to do so, his silence amounts to admission. It is also well settled that any Right that is not enforceable is not a Right – that is, with every Right there is a Remedy. However, the Constitution cannot defend itself. It is the duty of the People to defend it.

The We The People Foundation exists for the purpose of protecting and defending our federal and state Constitutions and to ensure the day comes when the American People will have institutionalized citizen vigilance for the purpose of routinely holding their elected officials accountable to their Constitutions, regardless of their political stripes and whether they voted for them.

The vision for Continental Congress 2009 came in December of 2008, while I was preparing to give a speech at Faneuil Hall in Boston. The idea was well received. From January 1 – May 1, I traveled to 88 cities in all 50 states to meet with People to see if this was an idea they would support and help make a reality. They agreed.

On May 21, the Foundation sponsored a meeting of leaders of the Freedom movement at the Jekyll Island Club in Georgia. This was the place where the Federal Reserve was first conceived in 1910. We stood in the Federal Reserve Room, as it is called, and asked our Creator to put a new and righteous record for America in the place of what had gone before. We believe our prayers were answered. We discussed Continental Congress 2009 and if this was an idea they could support and help make a reality. They all agreed.

From June 1 – October 10, a national structure was established to accommodate Continental Congress 2009. State coordinators in nearly every state volunteered their time and energy along with other citizens. A small national management team formed to assist. Delegates were nominated in each state to attend the Congress.

A Constitutionally – correct election was held on October 10. On November 11, 2009, the delegates attended Continental Congress 2009 at the Pheasant Run Conference Center in St. Charles, Illinois, sponsored by the Foundation. The Delegates of Continental Congress 2009 were not professional legislators or wordsmiths. They were ordinary, non-aligned citizens from across America and all walks of life. They set aside their lives for this Assembly. They represented You and Me, the Free People of America.

The conclusion of their efforts, their recommended Course of Action to restore and maintain Constitutional obedience in America, is This Document called “*Articles of Freedom.*”

It is proposed that these Articles be distributed to All in the Land, with the intent to draw the attention and courage of a “goodly number of millions of People” who, entitled to their Freedom and essential to Its maintenance, Arise to Restore and maintain the Constitution for the United States of America.

Then and only then shall America’s Destiny be Fulfilled.

Please take the time to read the Articles of Freedom. Learn about the Constitution. Take the Pledge to stand with millions of Americans as the Articles of Freedom are served on our elected officials, and then, if necessary, to participate in coordinated, non-violent, legal and Constitutional civic actions to stop the violations.

Declaration and Resolves of Continental Congress 2009

In Defense of a Free People, the time has come to reassert our God-Given, Natural Rights and cast off tyranny...

Let the Facts Reveal: The federal government of the United States of America was instituted to secure the Individual Rights of our citizens and instead now threatens our Life, Liberty and Property through usurpations of the Constitution. Emboldened by our own lack of responsibility and due diligence in these matters, government has exceeded its' mandate and abandoned those Founding Principles which have made our nation exceptional;

Our servant government has undertaken these unconstitutional actions in direct violation of their enumerated duties, to the detriment of the People's liberty and the sovereignty of our Republic;

Over many years and spanning multiple political administrations, the People who have, in good conscience, attempted to deliberate our grievances and voice our dissent against these offensive actions through both Petition and Assembly, have been maligned and ignored with contempt;

The People of the several States of Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin and Wyoming, justly alarmed at these arbitrary and unconstitutional actions, have met as Citizen-Delegates, and sat in a general Congress, in the city of St. Charles, Illinois;

Whereupon We, as these Citizen- Delegates, have gathered in defense of Divine Justice, Liberty and the principles of limited government, now stand in clear recognition of the Supreme Law of the Land – the Constitution for the United States of America;

Therefore, We demand that Government immediately re-establish Constitutional Rule of Law, lest the People be forced to do so themselves; and we hereby serve notice that in the Defense of Freedom and Liberty there shall be NO COMPROMISE to which we shall ever yield.

SUMMARY OF THE FOURTEEN ARTICLES

Continental Congress 2009 was convened in St. Charles, Illinois, between November 11 and 22, 2009, to discuss fourteen violations of the Constitution for The United States of America, the Government’s refusal to listen or respond to the People’s First Amendment Petitions to Redress those Grievances and to recommend a non-violent course of action for the Free People to put an end to those violations.

The 116 delegates from 48 states (North Dakota and Oklahoma were not represented), were elected on October 10th in a nationwide election that utilized a voting system that featured hand counted paper ballots.

The conclusion of the work of Continental Congress 2009 is the sixty-one page, fourteen-article Document called “*Articles of Freedom*,” which is accessible in its entirety at www.articlesoffreedom.us. Besides a full discussion of each violation and the remedial instructions designed to end those violations, the *Articles of Freedom* includes links to each of the Petitions for Redress, and links to video-taped copies of the presentations by the experts who spoke to the delegates on the history, meaning, effect and significance of the provisions of the Constitution being violated.

Also included are recommendations for civic action by the People at the local and state level and a call for nationwide civic action, all to ensure compliance with the People’s Instructions.

Finally there is a PLEDGE to be signed by individual Americans signifying their belief that: a) for decades, many administrations and both parties have been violating the Constitution and the states have acquiesced; b) the Articles of Freedom should be served on key elected officials in the federal and all 50 state governments; c) the federal and state government officials should comply with its Remedial Instructions; and d) if the government officials refuse to comply, 5% of the People should engage in a nationwide, well-organized, well-coordinated, pro-active, non-violent series of civic actions including economic sanctions as necessary to peaceably procure the relief they are entitled to under our system of governance.

Below is a summary of the contents of each of the fourteen articles of the “*Articles of Freedom*” followed by the Nationwide Civic Action and PLEDGE. Please take the PLEDGE on-line at www.articlesoffreedom.us. A mass-movement is necessary. Individuals and small groups cannot prevail.
